

SUPERFEAST

SUPERFEAST IS AUSTRALIA'S LEADING MEDICINAL MUSHROOM AND TONIC HERB COMPANY. ROOTED IN ANCIENT TAOIST TRADITION FOR MAXIMUM POTENCY IN MODERN PRACTICE.

As a 100% family-owned business, we care about nothing else than getting results for our customers, with grassroots values of deep care and compassion. This avid passion and search for genuine impact form the essence of SuperFeast.

WHY

"TO DRAMATICALLY REDUCE DISEASE AND DEGENERATION; CREATING SUPERHUMANS WHO MAY ENTER THE REALM OF ELDERHOOD."

HOW

"We are creating a health revolution through the lineage of ancient Taoist tonic herb tradition. Our impact is deepened through the support and education of the community on their healing and herbal journey."

WHAT

"We offer the most revered tonic herbs, medicinal mushrooms and adaptogens, sourced traditionally for maximum health cultivation."

"When I discovered Taoist tonic herbalism it was like a shot of new life. This practice was based fully on the potentiation of the body's physical and spiritual makeup. It didn't focus on the dysfunction of the organs primarily, but on how to ensure they never skipped a beat on their lifelong mission to flow and provide nourishment and harmony to the system as a whole." - MASON TAYLOR
